OUTDOOR FURNITURE

VISION

Our Mission: Strive for creating a healthy and satisfying lifestyle for human beings

Rather than just a simple supply and demand company, Higold's ideology is to provide a better and elegant lifestyle with our products. With our unique and innovative product designs, our outdoor furniture gives our customers a better reason to stay outdoors.

Our Core Value: Cooperative, Win-Win, Creative and Leading

As an industry innovator, we wish to have more partners to join us in this great area to achieve a win-win situation by optimizing respective strength and integrating resources; We stick to innovate and sustain business operation with a persistent vigor and vitality, to keep the advantage in being a leading enterprise and to always lead people to a better lifestyle.

Our Objective: Create Higold as a leading international brand of outdoor furniture and industry innovation leader

With our product's design, innovation, quality and service, we have been increasing the value of Higold's international reputation in the outdoor furniture industry. As a result, customers are able to enjoy the quality and satisfaction of our products. Higold will always be the innovation leader and set as the benchmark in the industry.

MILESTONES

2005-2007 UNDERWAY PHASE

Higold Outdoor Furniture Company—member of Higold Group, was officially established in 2005 as an outdoor furniture manufacturer. Started off as an OEM manufacturer, our quality and our service attracted a lot of trading and export companies as clients. In 2006, a new building with 8,000m² was built to meet the extension of product to stainless steel, textilene and teak items giving our clients more alternatives and choices. Our products were exported to Sweden, the Netherlands, Germany, Spain, France, Italy, and Austria giving our company a trustworthy and solid name in the outdoor furniture industry.

2008-2009 TRANSITION PHASE

In 2008, a new 30,000m² plant was built and added into our property. Thus, we once again increased our staff members from 250 to 600. At the same year, a fully-automatic spaying line was launched and we successfully obtained ISO9001 quality management system certification which secures Higold as a leading manufacturer for Outdoor Furniture. In 2009, a very strong R&D team was set up and with the designers from various countries, mostly European and Australian countries. The furniture designs are patented and copyrighted. In the same year, Higold set up a showroom of 2,000m² for an outdoor exhibition of furniture and started introducing and using a series of modern systems and models, including ERP(Enterprise Resource Planning), PDM(Product Data Management), CRM(Customer Relationship Management) and EPM(Enterprise Project Management) to boost company competitive edge.

2010-2011 RAPID DEVELOPMENT PHASE

In 2010, another 2,000m² was also added for exhibition of the latest conceptual products. In September, we attended our first SPOGA exhibition show in Germany. Shortly after, world's best-known companies like Kaja Horeca Interieurs of the Netherlands, XXXLUTZ of Austria, Destiny Deutschland GmbH of Germany and etc. became regular customers of Higold. In 2011, Iberostar Hotels & Resorts of Spain, GROUPE Mr. Bricolage of France, Club Piscine of Canada, OBI Group of Germany and HUDSON'S BAY, Costco started the cooperation with Higold. Meanwhile, we acquired the BSCI report with a "good" result, which further secures Higold as a leading manufacturer.

2012-2014 INNOVATION PHASE

In 2012, Higold earned the opportunity to cooperate with Landmann and Metro from Germany. In 2013, we signed the contract for the 1st exclusive shop in Foshan, and it sets a significant milestone for developing local market. In 2014, Higold took advantage of Kuka (Germany) Robot and Fonix(Sweden) welding technology in production, thus largely improving the production efficiency and offering better service to all clients. In March, Higold won the Reddot Award and Red Star Award 2014 for its excellent design of Shenzhen X collection. In October, Mr. Nicolas Thomkins joined in Higold design team and became the chief designer of Higold. More should be shared and be proud is that a group of exclusive shops were set up at home and abroad. Meanwhile, we had done some nice project cases, like outdoor project of Beijing W Town, Hilton Hotel in Yunnan and Sheraton Hotel in Zhanjiang City of Guangdong Province.

2015-2017 BRAND PROMOTION PHASE

In 2015, we signed up the exclusive contract with 5 clients from local market and 3 clients from overseas market, they are from Shanghai, Hangzhou, Xi'an, Zhengzhou, Kunming, Florida of U.S.A., Qatar and Australia. In November, another exclusive shop with an area of over 600m² opened close to Amsterdam and received celebrities from the furniture business world. In 2016, More than 40 Higold new furniture shops were set up from both overseas and domestic market, such as U.S.A., U.A.E., Spain, Italy, Norway, Slovakia, Czech, Malaysia and etc. from overseas market, and from local market it has covered all the capital cities and main areas. Westin hotel project of Malta and the Sunny Isles Apartment projects from Jade Beach, Florida and the Wyndham Hotel of Lihe, Sanya, Amy hotel of Huizhou and etc. are among the main projects we have cooperated in 2016. In addition, Pininfarina designers had been invited to design our new head office since June as well as outdoor furniture designs, which had enhanced the international branding image of Higold up to a higher level in terms of a long-run development. Moreover, Carrefour, Metro, Rona, Lowe's, Crate&Barrel and other big buyers have started the partnership with Higold.

2018-2020 GLOBAL BRANDING PHASE

Our goal in the next three years is to become the first brand of high-end outdoor furniture in the world. In 2018, we expanded the production base to 60,000m², increased automation equipment and upgraded our information management system. The showroom has increased to 3,500m² and is fully designed for high-end configurations. Product research and development adhering to the principles of precision design, craftsmanship, and detail-oriented principles, focuses on quality-winning goals. And we started to participate in the Fuori Salon in Milan, Italy. In addition, we have built up our strategic cooperation with more than 30 international high-end hotels around the world, such as Delfins Beach Resort of Bonaire, Sani and Ikos Resort Hotel of Greece, Hainan Marriott Hotel, Sanya Capelle Hotel and Dongguan Goodview Hotel and etc.. In 2019, the company's production capacity has been greatly improved, its quality reputation has got well-known throughout the world, its sales channels have become diversified, its talent team has been globalized, and its brand influence has explored dramatically. In order to realize greater growth, we have cooperated strategically with several international well-known design institutes and large-scale high-end brand chain channels. In 2020, our products will be exhibited all over the world, and famous brands such as major hotels and leisure resorts around the world will fully introduce Higold products as their core furniture supply. Our products will frequently appear in major international media, social platforms, and magazines. Global Higold exclusive agents will reach 100. Our vision of becoming the first brand will be realized and rooted in people's hearts.

Share our passion for furniture!

A short introduction

The history of HIGOLD as a company goes back to 1989. From the nineties the company developed itself to a reliable manufacturer of kitchen hardware. From 2011 we may call ourselves a leading brand in China. In 2005 we decided to expand our business activities with furniture, to be precise top quality outdoor furniture. First under private label, later on we decided to launch and build our own brand HIGOLD excellent outdoor.

A brand with a mission

That is for sure. We like to inspire the luxury outdoor market with our brand and prove our promise: live the excellent life. Not only in China, but all over the world. Therefore we launched HIGOLD excellent outdoor shop in Europe at the first quarter of 2014 and started launching the brand with one of our partners in the Netherlands. From here we have connected various enthusiastic agents, dealers and retailers and we are building the brand. At the moment we are active in Holland, Germany, Spain, Portugal, Italy, Switzerland, Belgium, USA and Qatar. In these countries famous hospitality brands like Hilton, Sheraton and Jade Beach have already met the brand and gave their terrace the right ambiance with one or more HIGOLD models.

Our ambition

All together the HIGOLD business activities have led to a very promising turnover. A result that we are absolutely proud of. But we are ambitious and are ready for our next step. In terms of our collection and in terms of expanding to additional countries. To start with Northern America. To handle this growth ambition we have just finished building a complete new sustainable factory. Wherefore we obtained all relevant certificates. The building not only has a great look, but also guarantees the best working conditions.

Our collection strategy

We believe that design makes a difference. The fact that we have won the prestigious international Red Dot award in 2014 and 2017, for our Shenzhen X series and Icook collection, emphasizes that. From that point of view we have attracted top designer Nicolas Thomkins to work with the HIGOLD outdoor collection. He is worldwide known and famous for his original signature, iconic designs & functional furniture and is also a Red Dot award winner. In 2016, Pininfarina Extra started to work with us in designing our new head office and also furniture, which sets a benchmark in Higold's history.

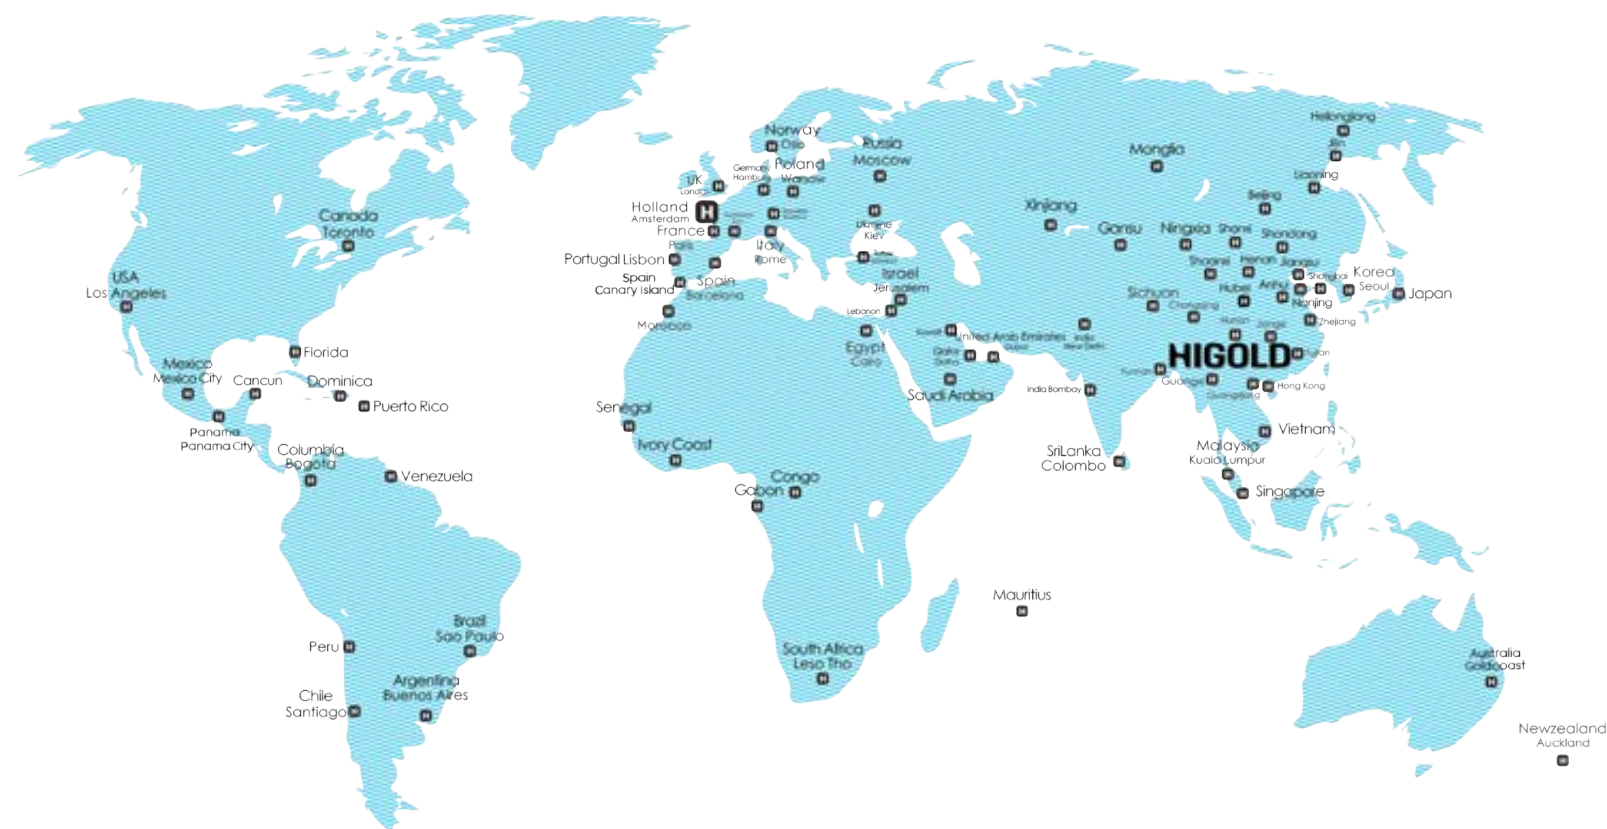

Sincerely,

Founder & President of the HIGOLD group

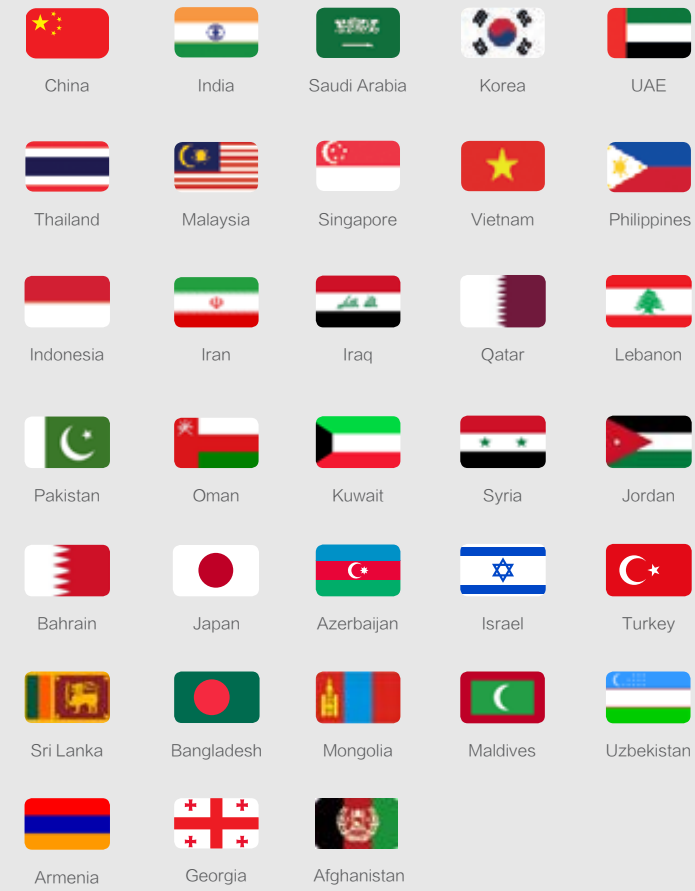

Mr. Alwin Ou

PININFARINA EXTRA

Pininfarina Extra, is part of the world-famous design house Pininfarina, whose history traces back to 1930 when the company was established by Battista Pinin-Farina, who became the most acclaimed car designer of his time. For example the Cisitalia 202 by Pininfarina (1947), was the first and only car to enter into a permanent display at the MoMA of New York, in 1961. Up to today, more than 100 Ferrari cars that have gone into production have been designed by Pininfarina.

In 1986, the third generation of the Pininfarina family created Pininfarina Extra srl to extend the design capabilities of the company, outside of the automotive sector. Over the past 30 years, Pininfarina Extra has developed more than 600 projects under the direction of its President and Chief Executive Officer, Paolo Pininfarina (now Chairman of the Pininfarina Group), and has established its own direction and a clear identity.

Today the company has ventured into a variety of commodity sectors where products bearing the Pininfarina name have won acclaim in the world's leading markets. The company attempts to blend the most advanced features of scientific, technological and engineering research with attractiveness that should accompany the things we use every day.

Pininfarina Extra is a reliable and competent partner to firms wishing to use design as a strategic asset for their product development process and a tool of communication to improve their position in the market.

The main activities of the company include Industrial design (electronics, sporting goods, furniture, equipment and machinery, consumer products, graphic design and packaging), Architecture and interiors (residential, hospitality, sport and commercial structures), and Transportation design (Yachts, airplanes, private jets, people movers).

"Italian style means sense of proportions, simplicity and harmony of line, such that after a considerable time there is still something which is more alive than just a memory of beauty."

[Battista 'Pinin' Farina]

Onda

OUTDOOR FURNITURE COLLECTION DESIGNED
BY PININFARINA FOR HIGOLD

Onda was born to blend in different environments and, at the same time, to make them unique.

Being conceived for the outdoor, the Pininfarina design team took the inspiration from the dynamism, elegance and purity of the ocean waves, the empty space that is created when a wave is broken, resulting in to a hollow or tube wave (onda in Italian).

The heart of the Collection is the structure, an aluminum band sustaining the cushions and becoming the iconic element of the whole Collection. Characterized by fluid lines - as the ones of the wave - the band beyond being an aesthetic element becomes also a functional element, a rigid armrest that can be used to lean objects. The choice of the materials come from the Pininfarina 360° design experience: the aluminum - coming from the carsector - for the structure , the fabrics - used in the yachts for its resistance - for the cushions.

"We have looked at the magic of nature to give life to Onda which is distinctive and, at the same time, able to be integrated in different environments. Technology and know-how coming from different sectors make it really unique" affirms Paolo Pininfarina, Pininfarina Chairman.

"Pininfarina always brings breakthrough visions and futuristic designs to the world. The design of Onda is influenced by car design in the technology and in the use of top materials. We are sure the new revolution is ready in the outdoor furniture industry!" affirms Alwin Ou, Chairman of Higold Group.

Onda is the second project born from the collaboration between Higold and Pininfarina, after the Higold headquarters in Shunde presented in march 2017.

BY USE OF FERRARI LEATHER AND CERAMIC GLASS TOP,
ONDA STANDS OUT AS ONE OF THE MOST LUXURIOUS AND
FANCY MODELS IN THE FURNITURE INDUSTRY.

INSPIRED BY CAR SECTOR STRUCTURE, EMPHASIS AND EXPOSURE OF THE INTERNAL HEAVY DUTY ALUMINUM STRUCTURE PROVIDES A SENSE OF SECURITY TO THE USER, IT ALSO CREATES A DISTINCTIVE VISUAL AESTHETIC.

FACILITATED WITH LED ILLUMINATING SYSTEM, ONDA LIGHTING ACCESSORY IS A BREAKTHROUGH EITHER FROM DESIGN OR FUNCTION PERSPECTIVES.

NEVER FEELING LONELY WITH OUR ONDA LIGHTING ACCESSORY!

BOLD

INSPIRATION

The main design concept of the BOLD collection is to merge lightness and solidity at the same time. A light and dynamic surface that gently folds into an elegant and sculptural volume, creating a sensation of protection and comfort.

CONCEPT

Contrast is at the heart of the collection, outside and inside, solid and void, hard and soft, positive and negative, are merged together through a precious metal plate. This contrast is creating a unique collection with a strong personality and charisma, able to be perceived and inspire the final user. Elegance, Reliability, Dynamism, Self Confidence, In a word...BOLD.

NICOLAS THOMKINS

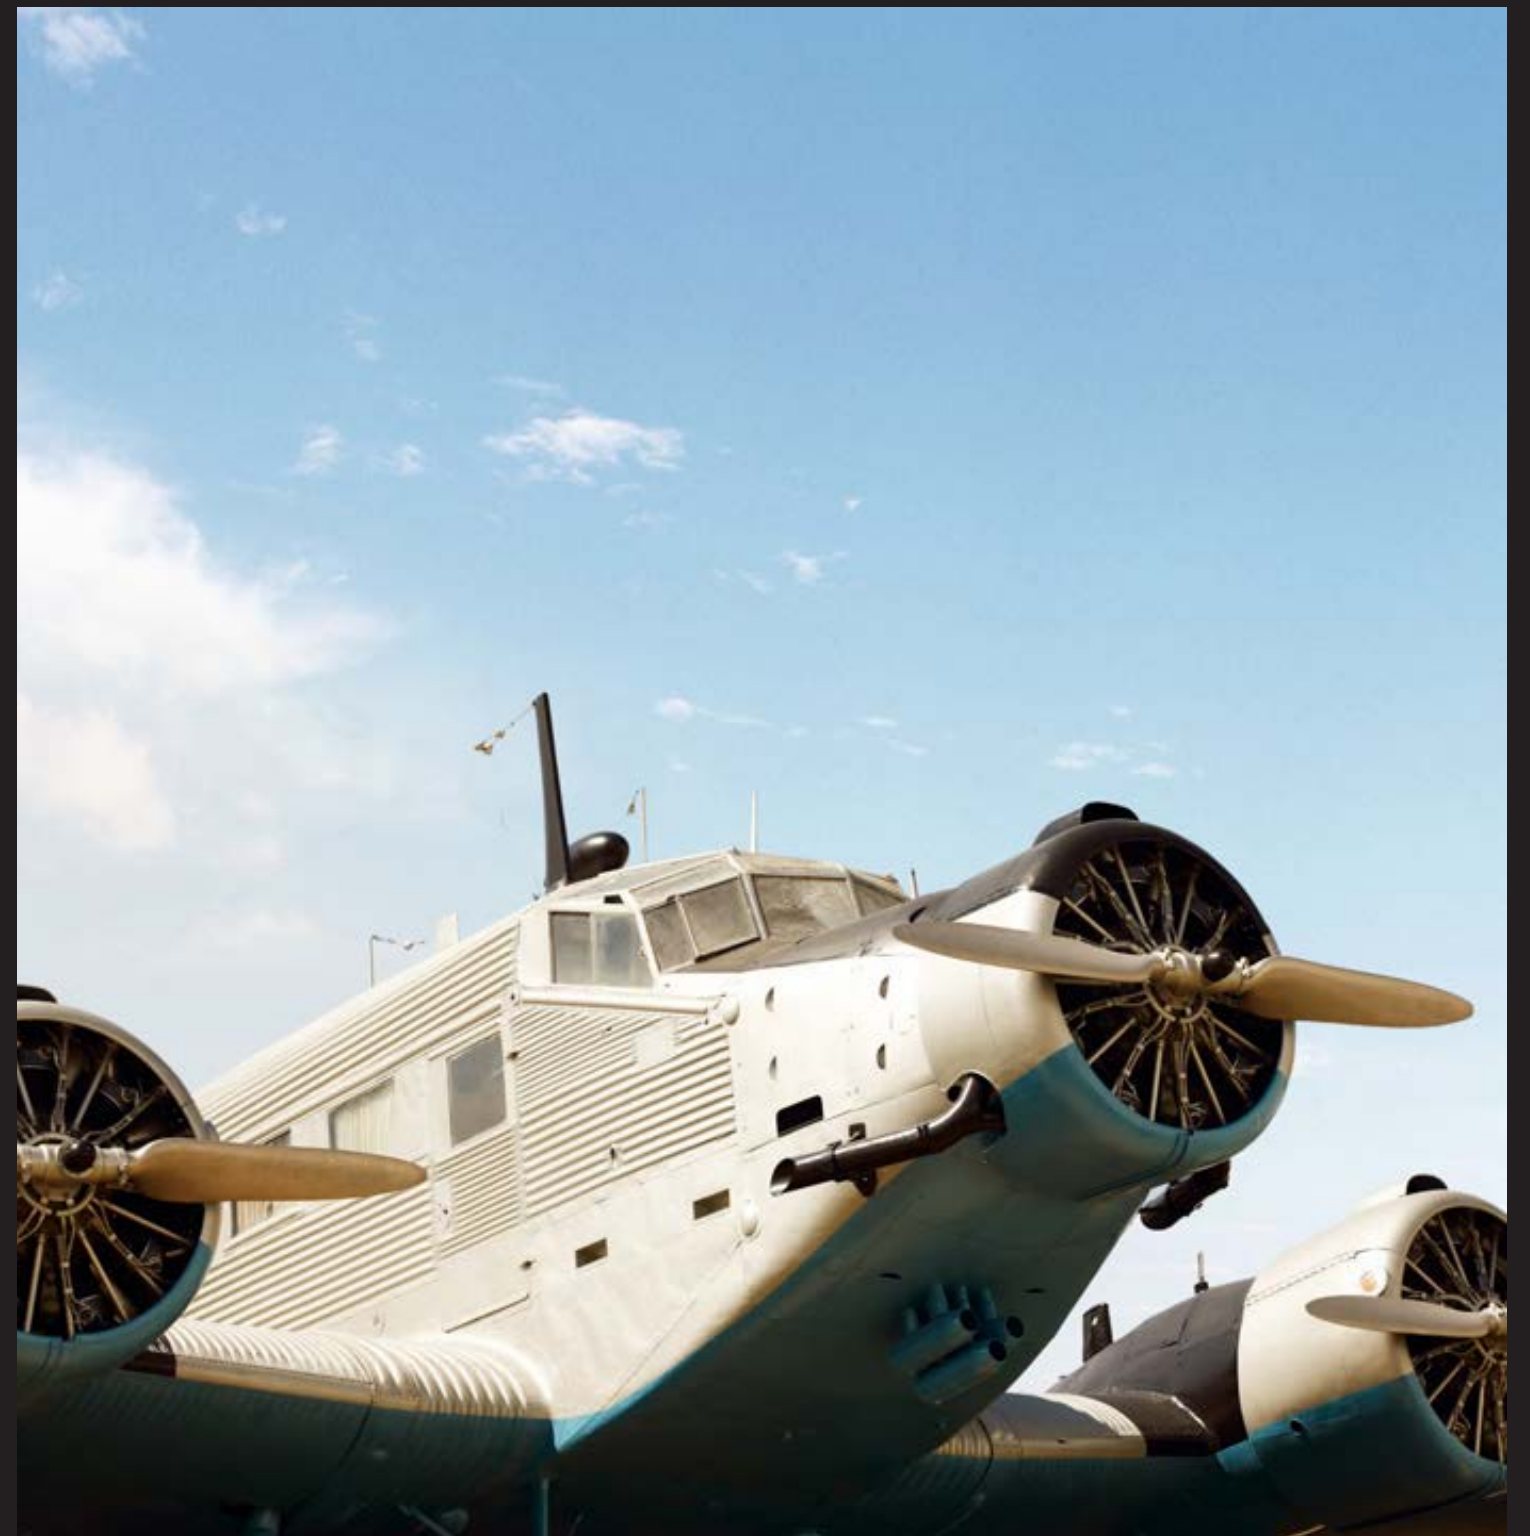

CHIEF DESIGNER

NICOLAS THOMKINS, born in Switzerland and based in Germany, has a very large knowledge background and a strong sense of humor. He joined in Higold design team in 2014 and has completed several original designs. Among all, Airport collection, both applicable in outdoor and indoor use, has been regarded as the benchmark of new design trend in furniture industry. The initial application of Corrugated Aluminum Sheets upon furniture has attracted eyes and good compliments from abroad and home. He focuses on product details and user experience by applying ergonomics into product design. His design advocates nature, fulfills positive spirit, and contains his understanding to life and the pursuit to health. He dares to break the rules and touch the soul. His works keep leading the creative trend in the industry of outdoor furniture. The Yin Yang chair from Nicolas, merging the Chinese and Western culture, successfully attracted people's eyes and stood out among all entries, and won the best of the best Red Dot Award, one of the top design awards in the world.

AIRPORT

DESIGNED BY NICOLAS THOMKINS

AIRPORT collection is made of bend-extruded T Profile and corrugated sheet-metals (CSM) that was used by the Junkers Airplane Company of Dessau as the most suitable material to build the first and biggest fleet commercially-used planes. Corrugated sheet-metal (CSM) made of steel or aluminum has been known and mass produced all over the world to cover walls and roofs for any kind of domestically or commercially-used buildings. The corrugation in various proportions is the synonymous for longevity and a never-aging esthetic appearance, CSM is most versatile and cost-effective, production is simple and the applications are boundless. It's typical wave design that has also become the standard appearance for durable high-end travel luggage. Corrugated metal sheets are inserted into flat-metal frames like pictures. By adopting architectural proportions and elements, the Higold 'Airport' outdoor collection can be imbedded in public environments as well as in private gardens and on the terraces.

AIRPORT TROLLEY

THE DESIGN OF THE 'AIRPORT' SERVICE-TROLLEY FROM HIGOLD IS BASED ON THE ROBUST AND VERSATILE FUNCTION OF AIRLINE- TROLLEYS. THE STRUCTURE OF THIS CONTAINER IS EPOXY - COATED ALUMINUM WITH A YACHT TEAK DECK. GLASSES AND BOTTLES ARE STORED IN TELESCOPIC DRAWERS AND ICE-COOLED DRINKS REMAIN FRESH IN THE STAINLESS-STEEL CONTAINER. SWIVEL CASTORS ENSURE MOBILITY AND THE BUILT-IN LOCKING ENSURES A FIRM STAND. THE AIRPORT TROLLEY IS MULTIFUNCTIONAL, LIKE ITS RAW-MODEL. THIS PRACTICAL CONTAINER OFFERS AN ADDITIONAL WORK SURFACE IN THE KITCHEN AS WELL AS IN GARDENS AND ON TERRACES. ON ITS TEAK WORK-TOP, COCKTAILS CAN BE MIXED IN STYLE, BUT ALSO AN ESPRESSO MACHINE, OR BBQ-GRILLS CAN BE OPERATED PERFECTLY HERE.

SHENZHOU X

reddot design award
winner

Unique Features

The overall forms are reminiscent of the great China spacecraft while also creating comfortable outdoor living structures.

Emphasis and exposure of the internal aluminium structure provides a sense of security to the user, it also creates a distinctive visual aesthetic.

Heavy duty aluminum frames provide a strong and secure structure. High quality woven wicker provides a strong solid structure and allows the users to trust fully in the end product

Ability to be stacked into complete units allows an attractive structure when not in use and makes the pieces efficient for storage.

The unit can be used as a single enclosed day bed or the units can be separated to create two open sofas with a separate coffee table and small lounger. The complete unit has the ability to be stacked for efficient transportation purposes and also to maintain space and create unique structures when the pieces are not in use.

The collection offers a full suite to satisfy every outdoor relaxation requirement, from sleeping to eating to swinging. The user is fully equipped to fully enhance and enjoy their outdoor living environments to the fullest.

A Dreamer in Space Exploration, Exploring the Secret of Nature

The inspiration of Shenzhou X comes from Shenzhou X spacecraft and its re-entry module. The design combines the idea of wide light brown wicker and exposed white coating color, which makes the frame clean and simple. Floating across the clouds, Shenzhou X is more like a sacred auto and lead people to a future outdoor lifestyle. Hung from ceiling, seen to be taking off into the sky, the openness and freedom naturally generates a different kind of beauty.

The unique design of Shenzhou X allows numerous configuration set-ups, in storage and in use. It is designed to be easily assembled and set up. The design has a special locking feature to hold the pieces securely together when in the stacked configuration. Top quality wicker, teakwood and fabrics withhold the ability to withstand outdoor conditions. When assembled, on the top you can find the coffee table and next to the coffee table is the upper weaving cover which can become a separate daybed by combining with the footstool. This completely demonstrates the idea of space-enviromental protection. It runs over with warmth and sweetness when the sunshine goes across the wickers.

GENEVA

The name 'Geneva' well defines the accuracy and the standard of building up this collection. The unique feature is the good combination and setting of three elements, textile, aluminum with powdercoating and the teak. The teak has been perfectly inserted in the alum. slot of the legs. And the teak on the table top is not with regular shape, which gradually becomes narrow at the final part. The clean and exquisite finish at each corner requires very high technique. This collection also conveys a strong architectural feeling which could be very interested to designers.

A SPECIAL ARRANGEMENT OF THE WOOD SLATS
AND WITH HIDDEN STORAGE BOX
MAKES IT MORE PERSONALIZED AND REFRESHING

A TRUE TOUCH OF THE NATURE AND EVERY
DETAIL IS IMPECCABLE

A BOLD DESIGN WITH METAL STRUCTURE BEING EXPOSED AND WITH NATURAL TEAK WOOD. IT LOOKS MORE DYNAMIC WITH FOAM PADDING INSIDE THE TEXTILENE SEWED BY USING HEAT-SEWING PROCESS

A GOOD COMBINATION OF CHAMPAGNE
METAL CONSTRUCTION AND TAUPE
TEXTILENE CUSHIONS

EXEE

The design of Exee series is inspired by the structure of the letter "E". Exee echoes the word "Excellent" and aims at creating a "wow" furniture for all users. Currently there are patio and modular sofa sets. The application of Exee is not limited to houses, hotels and restaurants. A combination of classic black and white color scheme makes it easy to apply to different scenes.

THE DESIGN OF EXEE SERIES IS INSPIRED BY THE STRUCTURE OF THE LETTER "E". EXEE ECHOES THE WORD "EXCELLENT" AND AIMS AT CREATING A "WOW" FURNITURE FOR ALL USERS.

GLORIA

The overall structure of Gloria is simple, but the details of the rope mesh enrich the complete design to become more luxurious. It is a good combination of softness and rigidity to offer an elegant and gentle impression. The Gloria collection is not only one of the best choices among garden furnitures, but also the longest companion at home.

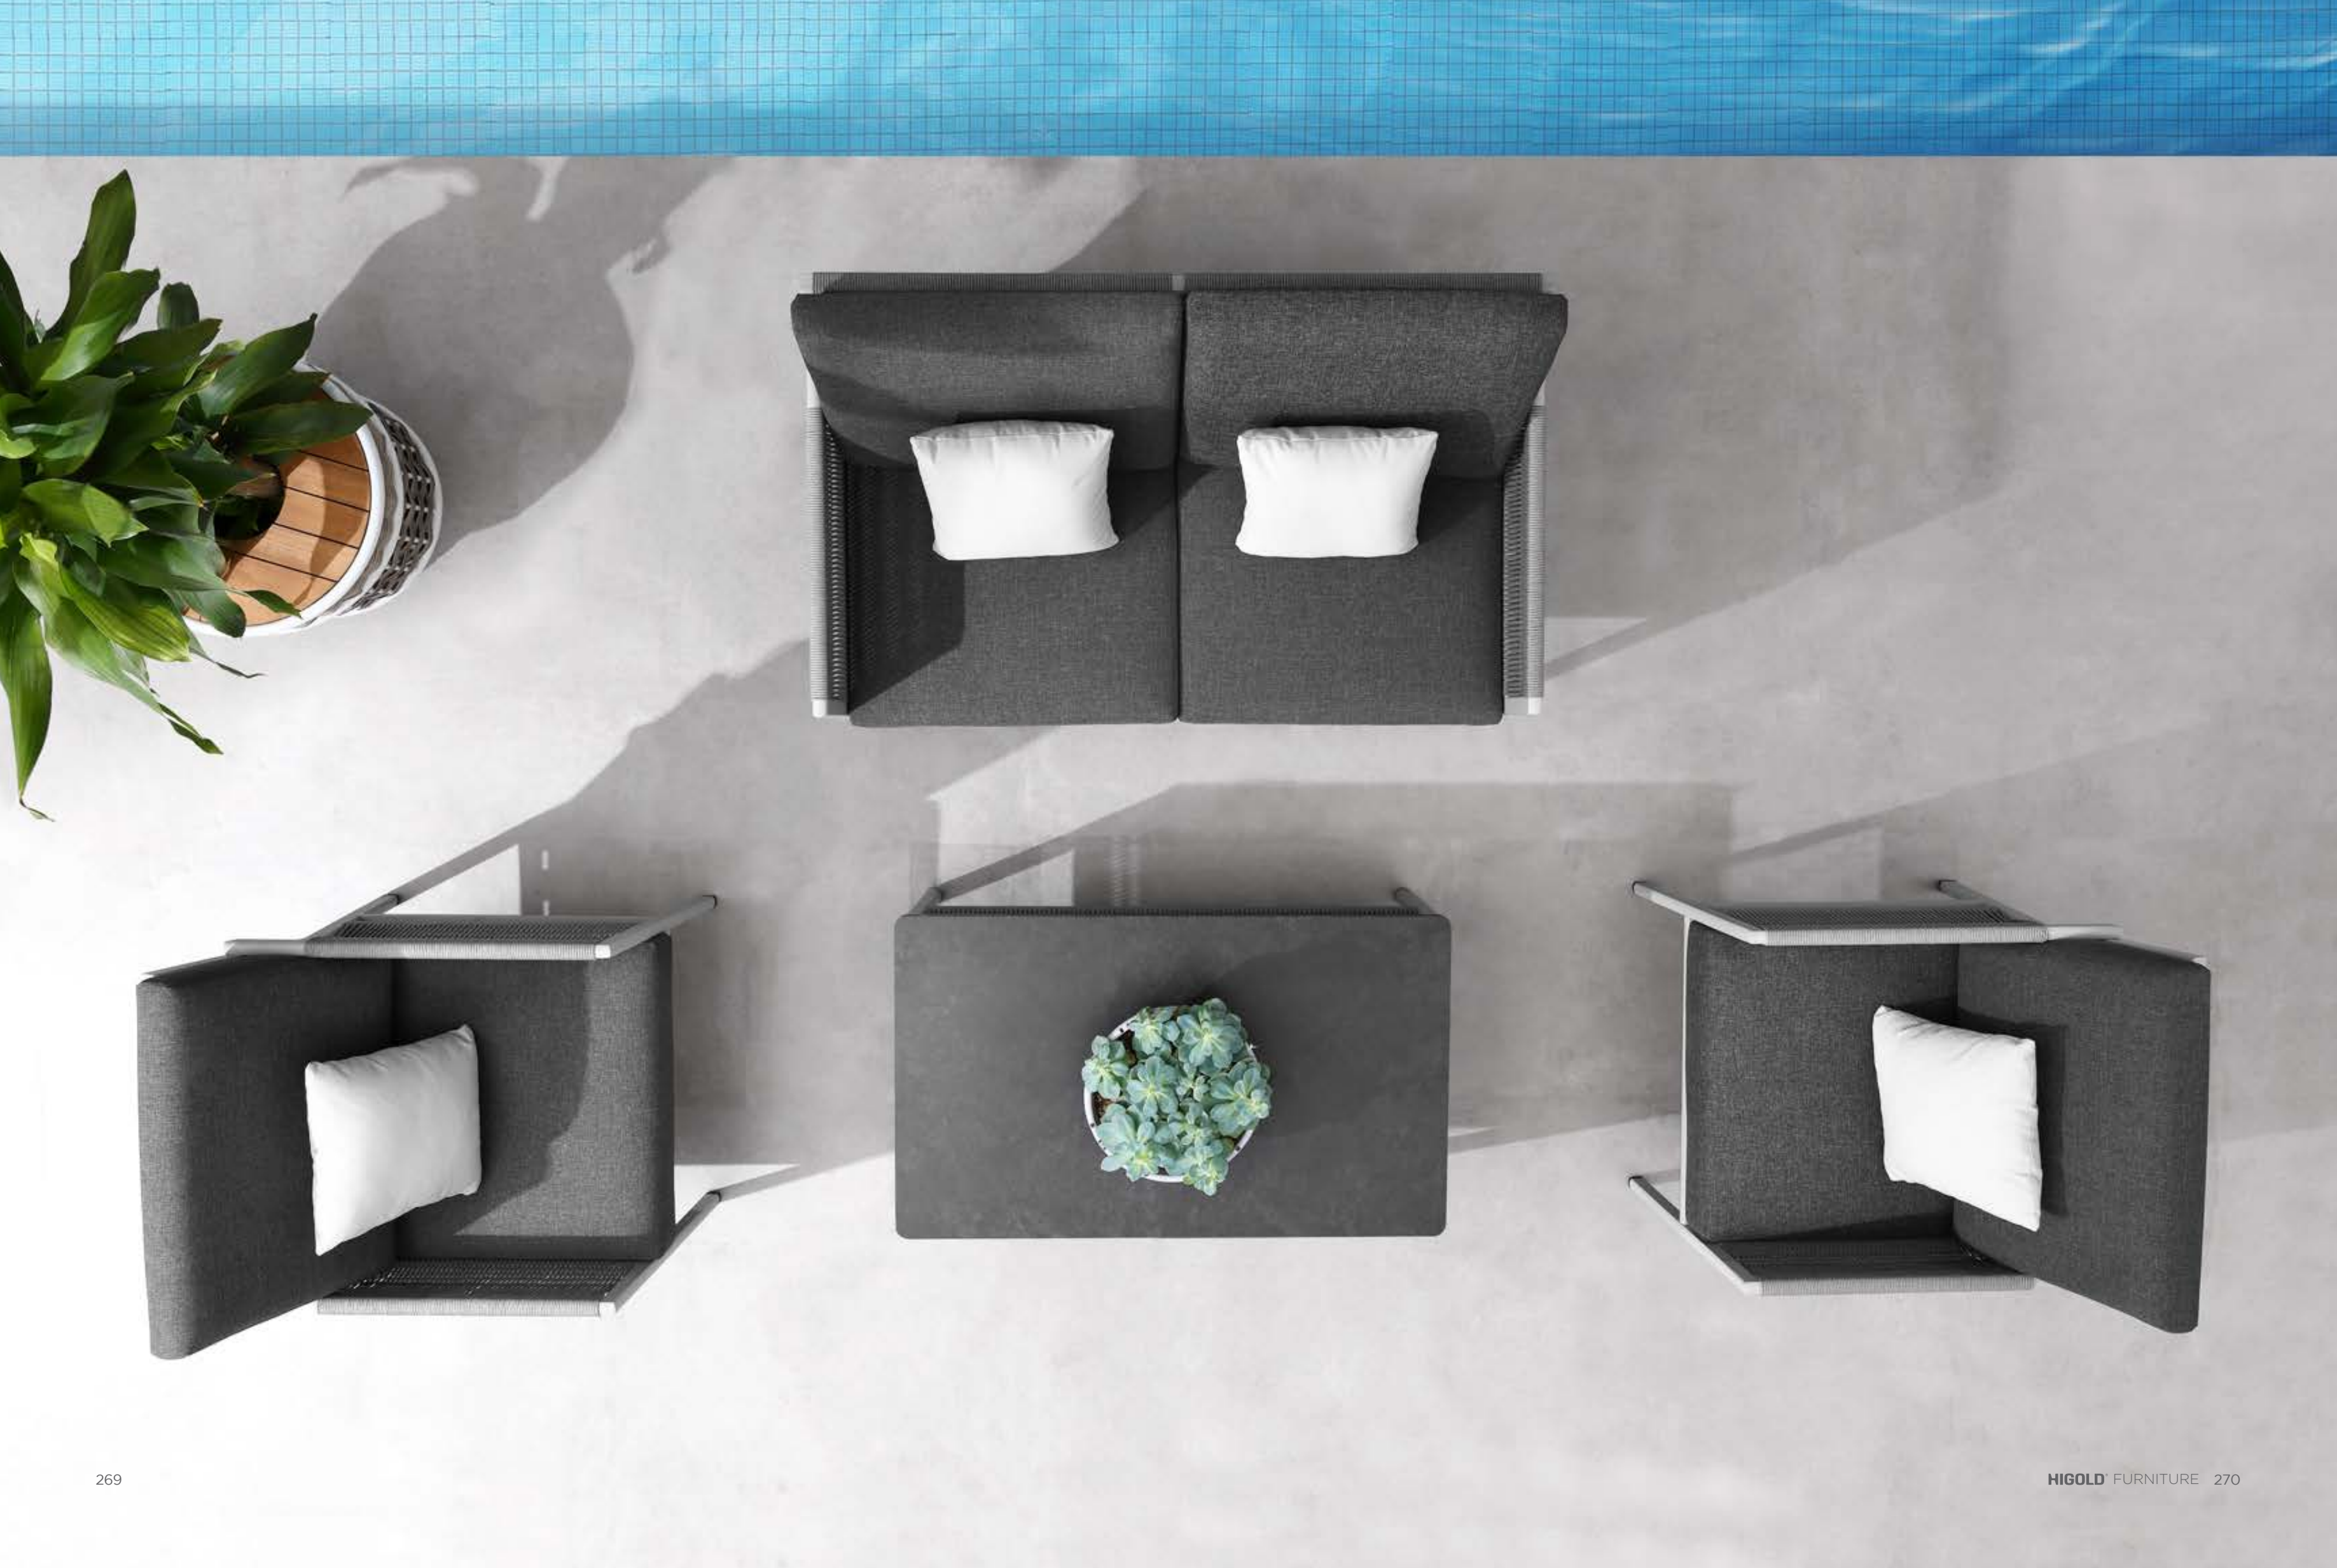

THE OVERALL STRUCTURE OF GLORIA IS SIMPLE, BUT THE DETAILS OF THE ROPE MESH ENRICH THE COMPLETE DESIGN TO BECOME MORE LUXURIOUS.

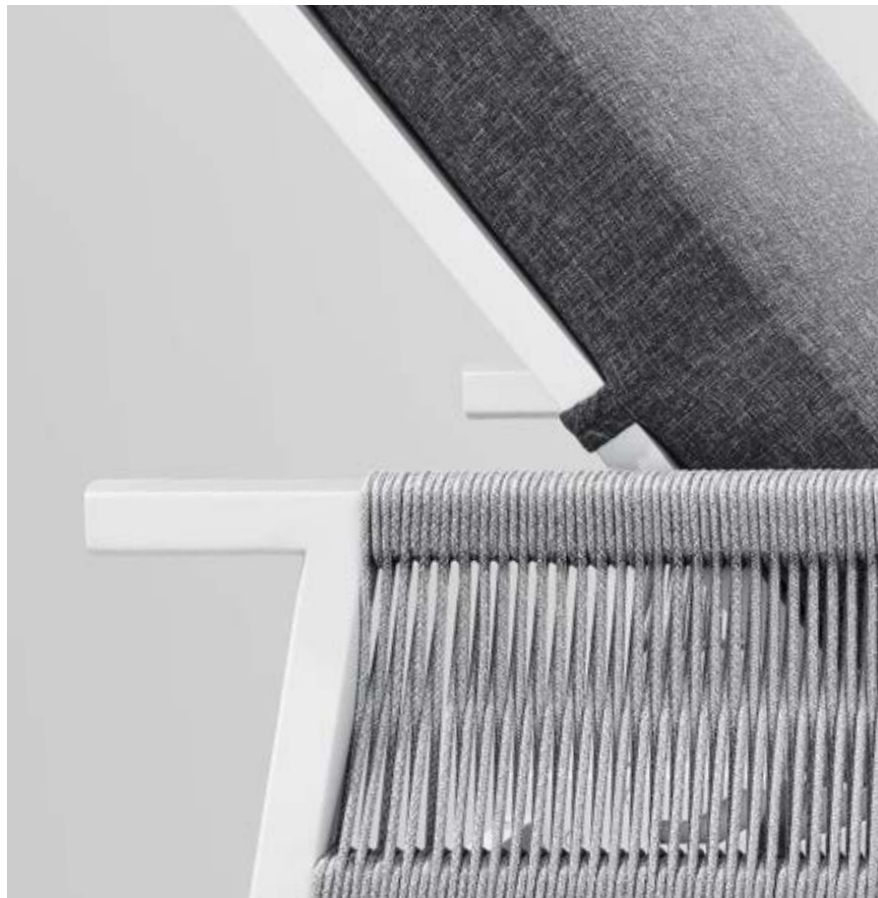

IT IS A GOOD COMBINATION OF SOFTNESS AND RIGIDNESS TO OFFER AN ELEGANT AND GENTLE IMPRESSION.

EMOTI

Following the DIY concept as Nofi does, Emoti collection looks more bold and extensive in designs realized by massy aluminum tubes. The main body demonstrates rigidness but with soft cushions, it turns out to be much more gentle. We call it "Emoti" philosophy.

EMOTI IS NOT ONLY MODERN AND PRACTICAL BUT
ALSO SUSTAINABLE AND EMOTIONAL

THICK UPHOLSTERY AND CUSHIONS MAKE EMOTI
A VERY COMFORTABLE PIECE OF FURNITURE AND
AVAILABLE IN MANY COLORS

THE DESIGN OF EMOTI COLLECTION IMPRESSES WITH ITS BOLDNESS IN CONSTRUCTIONS AND MEANWHILE IT IS A FANCY FURNITURE ALLOWING PEOPLE TO FREELY RELAX THEMSELVES IN THE OPEN AIR

BEING STACKABLE AND WITH CARELESS MATERIALS,
EMOTI TEXTILENE SUNBED CAN FIT ALL KINDS OF
ENVIRONMENTS FROM HOME TO COMMERCIAL USE.

NOFI 2.0

Nofi 2.0 collection carries on the design concept of Nofi series and it is a good application of textilene material as the main support of both seat and back, which is easy to maintain and clean. With padding in the middle, it offers no less comfort than cushions and makes people less concerned specially during rainy season.

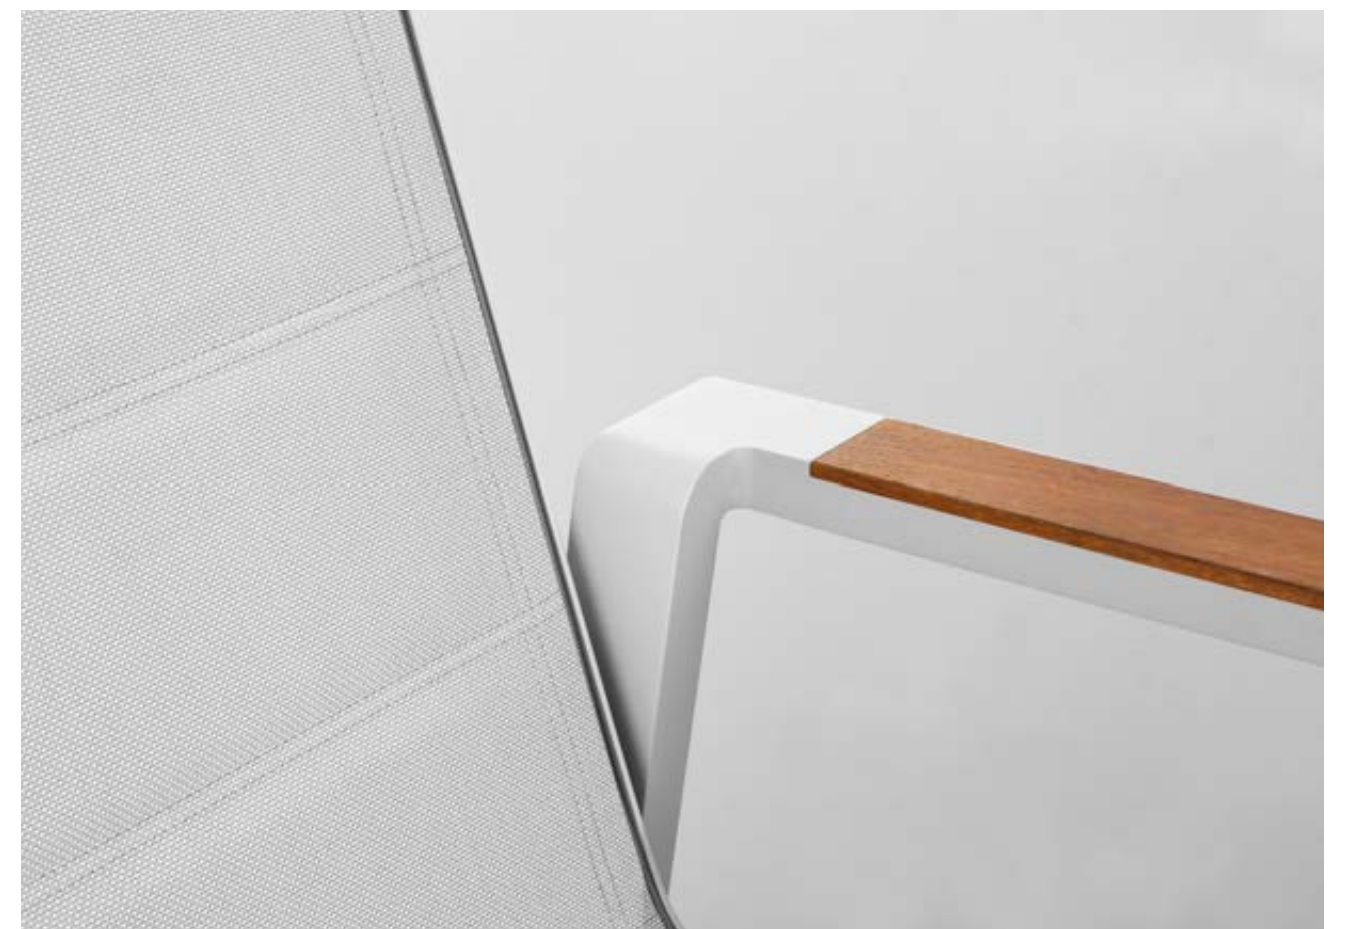

OUR NOFI EXTENSION TABLE HAS PASSED BOTH LAB AND OUTDOOR TESTS AND IS READY TO FULFILL PEOPLE'S NEEDS AT A BIG GATHERING WITH FAMILY OR FRIENDS.

IT IS A GOOD APPLICATION OF TEXTILENE MATERIAL AS THE MAIN SUPPORT OF BOTH SEAT AND BACK, WHICH IS EASY TO MAINTAIN AND CLEAN.

WITH PADDING IN THE MIDDLE, IT OFFERS NO LESS COMFORT THAN CUSHIONS AND MAKES PEOPLE LESS CONCERNED SPECIALLY DURING RAINY SEASON.

KIWI

The Kiwi collection is one of our latest application designs for the round tubes. The entire design is very compact and the tube is single-styled. The material consists of metal tubes and polyester rope. The seat is designed to incline, which allows the user to enjoy the outdoor life in a more relaxed and comfortable way. The armrests are decorated with ropes, which is not only beautiful, but also echoes the original intention of a kind of humanized design of the product. Chairs can be stacked and easily stored. It can be realized in different colors to meet individual needs. The table is cleverly applied to the tapered foot tube and the high-end HPL material. The combination of these two elements highlights the modern and luxurious atmosphere of the product, which is perfectly integrated with the current living concept for the young generation.

PIONEER

Pioneer collection is characterized by stainless steel that follows its outline in a twisted line to build up a more stereoscopic structure. With the open rope weaving style for the seat and back rest, it makes people more aspiring to touch it with our natural body. The imbedded teak armrests also give soft and smooth tactile impression.

IT IS CHARACTERIZED BY STAINLESS STEEL THAT FOLLOWS ITS OUTLINE IN A TWISTED LINE TO BUILD UP A MORE STEREOSCOPIC STRUCTURE.

MARBEL

Marbel director chair is composed by round and curved metal frame, which is quite different from our regular similar ranges. With the textilene panels to be fixed outside the metal tubes, it is much easier for people to clean and replace after a long time use. The table top surrounded by teak wood is echoing with the teak armrests on the chair, which offers extra value to the design to make it outstanding.

THE NAME OF “MARBEL” HAS BEEN INSPIRED BY THE THE CITY NAME OF MARBELLA OF SPAIN, WHERE YOU CAN FULLY ENJOY SUNSHINE, SEA SIGHT AND BEST FOOD. WHEREVER RELAXING AT OUR MARBEL CHAIR, YOU WILL FEEL AT MARBELLA.
